

**BizTech Healthcare Solutions, Inc. is pleased to announce our new partnership with Softmart® to bring you premier pricing and support for Microsoft products.**

Freehold, New Jersey, September 20, 2007: At BizTech, we work hard to *be* the best and to *bring* you the best in support of today's business processing environment. We provide award-winning integrated systems for work process automation and web business applications. Our successes with our clients are recognized by Microsoft Corporation, and we proudly maintain the title of **Microsoft Gold Certified Partner**. What this means for you is top-notch business solutions, built for your Microsoft environment by expert BizTech staff.

To further broaden our spectrum of offerings for our clients, we are pleased to welcome our new business partner, Softmart ([www.softmart.com](http://www.softmart.com)). As a major provider of Microsoft products and volume license programs, Softmart's dedicated team of specialists possesses advanced levels of product and support program knowledge, enabling them to work with clients to determine the most cost-effective Microsoft support program to suit their business needs. Softmart provides on-site services that include configuration, installation, deployment, integration, help desk and training through the Softmart Selected Partner Network. In addition, Softmart offers a full line of hardware and software to complete your organization's infrastructure. Contact your BizTech Healthcare Solutions representative to learn more.

*"At BizTech, we strive to be your Trusted Advisor, putting your Business needs first and Technology second."*

*— Doane Hadley, President, BizTech Healthcare Solutions, Inc.*
